Nutrition Program for Seniors

In March 1972, an amendment to the Older Americans Act of 1965 was signed which established a national nutrition program for seniors 60 years and older. Meals on Wheels America started its national March for Meals Campaign in the historic month of March in 2002, to recognize and raise awareness to Older Americans Nutrition Programs, and the increasing problem of hunger, food insecurity and social isolation. The nutrition driver is often the only outside contact the senior may have that day and helps to relieve isolation by providing a social interaction including a wellness check on the vulnerable seniors to whom we deliver.
