A. Property Owner Acceptance

I have reviewed the protocols as stated in the "Management of Kern County Borel Wildfire Debris" document and specifications to remove debris from the Borel Fire. I understand the ash and debris contain hazardous substances and can be a health hazard. I understand the ash and debris shall be wetted down prior to removal and dust shall be controlled. The ash and debris shall also be completely encapsulated with a tarp ("burrito wrap" method) prior to being transported for disposal. I understand that soil samples shall be collected in order to self-certify the project was completed.
