

MEASURE LETTERING JUSTIFICATION FORM

The Kern County Elections Division policy allows measure proponents and governing boards of districts to request that the Elections Division begin assigning measure letter designations with a letter other than "A" as permitted by California Elections Code section 13116(b) **to avoid voter confusion in successive elections.** Requests may be made to the Elections Division no later than 5:00 p.m. (E-88) before the scheduled election. This form is designed to fulfill the requirements of the policy.

Pursuant to Elections Division policy, any such request must be in writing, and:

I, the undersigned, hereby request that Kern County Elections Division invoke section 13116(b), of the California Elections Code, and begin assigning measure letter designations with a letter other than "A" in order to avoid voter confusion if the measure for the below is assigned the same letter it was assigned in the last successive election for the District.

because it was recently assigned in the last successive election held on _____

and the District was assigned letter _____

Voter confusion may also arise because, [Explain reason(s) for why assigning any of the indicated letter(s) above would cause additional voter confusion; attach additional information, if necessary]: _____

The Elections Division shall have the sole discretion to determine whether a request may be accommodated under the California Elections Code, and to determine the outcome when multiple requests are made for the ROV to begin measure lettering after "A."

I hereby sign, under penalty of perjury, I am making this request as the official measure proponent, or that I am authorized to make this request by the governing body of the jurisdiction to which the measure relates.
