

Hello.

Kern Legacy Health Plan members:

Just a reminder that starting August 1, 2025, **CVS Caremark** will be managing your prescription benefits on behalf of Kern County. You will be able to count on CVS for the same copay structure, a wide range of cost-effective medication, thousands of network pharmacies, CVS retail 90, and home delivery for you and your enrolled dependents.

Here are a few updates from CVS Caremark:

- **CVS Caremark** Customer Service line is now open. If you have questions give them a call at 1-833-842-9152.
- Register for an online account at Caremark.com/StartNow. You will be able to access a temporary prescription ID card once you establish your online account.
- New Medical/Prescription ID cards are in the mail. Your pharmacy will need **CVS Caremark's** information to process your prescription(s).

Please feel free to contact Kern County Health & Wellness at (661) 868-3182, if you have any questions or concerns.
