Laboratory Services Section, Evidence Control Unit

Protocol for Submission of Cases through Portal

QT301343 v7

Creation Date: 08/12/2020

INTRODUCTION

The purpose of this protocol is to provide instruction on how to enter requests for examination of evidence at the Kern Regional Crime Laboratory into Portal. Portal is the laboratory's evidence submission and web-based reporting system to submit requests for analysis to the laboratory and obtain information and reports/results of those requests. A video example of the submission process entitled "KRCL Submission Tutorial" can be found on the Kern Regional Crime Laboratory's home page at www.kerncounty.com/government/departments/kern-regional-crime-laboratory. The Portal login link can also be located on this page. Please refer to the Information Bulletin on Portal ([QT70933](#)) for information on how to enroll agency representatives into the system and how to navigate.

METHOD(S)

Submitting Cases through Portal

Cases in Portal are created through the Create New Case option in the sidebar.

Only one case in Portal should be created for each agency case number (ACN) at a time. **Do not** submit evidence for multiple agency cases under a single Portal entry. If a Portal entry was already submitted and there is additional evidence to submit, a new Portal entry can be created with the same ACN.

- The laboratory's Evidence Control Unit has the authority to update an agency case number that is submitted via Portal to match the format of that agency's case numbering system (i.e. spaces will be

It is the responsibility of the agency to transport all evidence, along with the printed evidence list (and DNA/linked firearm approval e-mails, if applicable) to the Evidence Control Unit of the Kern Regional Crime Laboratory.

Adding Additional Information to the Case after Submitting to LIMS

If a case is submitted to LIMS but additional evidence items, individuals, offenses and/or requests need to be added to the case, a new case can be created under the original agency case number.

1. Choose *Create New Case* from the *Sidebar*;
2. Enter the **exact** agency case number as used when first submitted and *Save*;
3. Additional evidence, individuals, offenses and/or requests may be added;
4. *Submit to LIMS* after all additional items have been added; and
5. Print the Evidence List
6. There will now be an additional submission with the same agency case number that will appear on the *Dashboard*.

Case Import

Please note, the laboratory requires evidence submission using Portal; the laboratory will use the Case Import feature and the following information entered by the agency will be directly imported from Portal into the laboratory's LIMS:

1. Agency case number
2. Subject name(s);
3. Victim name(s);
4. Offense(s);
5. Offense Date; and

6. Item(s) of evidence.

The Evidence Control Unit will note any agency case number (ACN) and/or name discrepancies when logging in evidence by cross-referencing what is written on

the outer packaging (if applicable), with what is entered in Portal. If a discrepancy is noticed in the ACN and/or the individual's first and/or last name, the agency will be contacted for verification and the contact will be noted in the LIMS case communication log. Laboratory personnel will attempt to contact the submitting agency for a period of two business days to obtain verification. If laboratory personnel are unsuccessful in their attempts to contact the agency or do not receive a response within this time frame, then the analysis will continue without verification.

Questions

Portal users with questions or concerns regarding the software should contact their Agency Administrator(s). Administrators with questions or concerns regarding Portal may contact the laboratory via email at DAcrimelab@KernDA.org
