(BAKERSFIELD, Calif.)— Kern County invites residents to help shape the future of Potomac Park by participating in a series of community meetings for Phase 2 of park improvements. These meetings will be held at Potomac Park, located at 601 Dorrance Street, Bakersfield 93307.

The Potomac Park Project is being completed in phases to enhance the park for the community. Phase 1, which has been completed, included the installation of new playground equipment and improved walkways. As planning begins for Phase 2, Kern County is seeking public input to help determine the park's next improvements.

Community members are encouraged to attend one of three upcoming meetings to share ideas and provide feedback on the design and amenities planned for Phase 2. Input gathered during these meetings will help guide the project's future improvements and ensure the park reflects the needs and priorities of the community.

Community members may attend any of the following meetings:

- **Thursday, August 13 at 5:30 p.m.**
- **Friday, August 14 at 9:00 a.m.**
- **Saturday, August 15 at 9:00 a.m.**

The community meetings are open to the public, and no registration is required. Residents of all ages are encouraged to attend and participate.
