SERVICE PROVIDER PRESENTATIONS:

DELANO SENIOR CENTER – Angela Domingos

Angela Domingos reported that their number of clients has remained consistent for the Jefferson Community Center. They serve 80-100 people daily on average, including our to-go meals. They also provided meals for 66 home-bound clients. Revolution Foods has helped take on any new Meals on Wheels (MOW) clients in the last year, which has helped increase the number of seniors they can provide service to. In that same way of reaching more seniors while giving options for food, Delano Unified School District (DUSD) has taken on the MOW responsibilities for the city of Delano. They have been managing the program as of January 1st of this year. They have been working with DUSD to provide a smooth transition from Wellsky management, menu management and route training for their delivery staff. The biggest non-food interest for seniors at Jefferson site is its activities, such as Bingo, Arts and Crafts, Birthday Celebrations, and chair exercises. This coincidentally leads to larger crowds at lunchtime. For questions: DUSD can be reached at: (661) 721-5075.

I previously announced that we are taking on volunteers to assist in outreach efforts to rural areas and assisted living facilities. We have already gained some interest and as a result, our County IT is adding a link to the county website where interested parties can apply. In the meantime, please send inquiries for volunteer opportunities directly to me at lopezj@kerncounty.com. DEPARTMENT OF HUMAN SERVICES (DHS) – Gayla Hughes

Gayla Hughes was not in attendance but provided the following report that was read by Chair Lynch:

There is a lot happening at the federal level related to the Medicare Program, including the release of a final rule that went over multiple different aspects of improvements to the Medicare Program. Over the next couple of years, the Department of Health Care Services (DHCS) is going to be working to implement some of the areas that were included in the Final Rule. On October 10, 2023, Governor Newsom signed Senate Bill (SB) 311. The bill requires the DHCS to enter into a Medicare Part A buy-in agreement with CMS for qualified Medicare beneficiaries through a state plan amendment no later than January 1, 2025. Most of these changes will not have a significant impact on county operations; however, there are some changes that will require work on the County side. DHCS has been working on:

- How CA will begin the process of buying Medicare Part A premiums. This work will be done at the DHCS level, and no impact on counties is anticipated.
- The requirement for individuals who are on SSI to automatically be enrolled in the Qualified Medicare Benefit (QMB) program when California becomes a Part A buy-in state. DHCS will move forward with adding the QMB aid code for SSI individuals. Currently, counties approve QMB eligibility for SSI individuals through CalSAWS (the State's tracker system). Effective January 1, 2025, counties are no longer required to approve, or case manage QMB for SSI individuals only. DHCS will work with counties in the upcoming months to determine the best approach for ending QMB-only records at the county level (CalSAWS).
- Updating some of the Medicare Savings Program (MSP) Notice of Actions (NOAs) will ensure all updates are complete and implemented by January 1, 2025.

The Draft PM provides information regarding Senate Bill 311 Medicare Part A buy-in and the policy changes included in the 2023 Medicare Final Rule on "Streamlining Medicaid; Medicare Savings Program Eligibility Determination and Enrollment" outreach letter mailed

out on 1/5/2023 to individuals who are SSI/SSP recipients who are not currently enrolled in the QMB program, which includes a total of 2,406 individuals in Kern County who should expect to receive a letter. Additional policy guidance related to other policy changes outlined in the 2023 Medicare Final Rule is forthcoming. The letter asks clients to please review and provide any feedback by 1/26/2024.

Tenant and owner-occupied property are eligible if the owner of the property agrees to the work. An inspection will be completed to determine specific needs, and all work is bid for licensed and insured contractors.

Home Improvement Loan provides repairs to the air conditioner, heater, roof, electrical, plumbing, flooring, windows, insulation, and painting. Available to low-income owner-occupied single-family residence. There must be sufficient equity to secure a first or second mortgage. The loan is a zero interest, deferred payment loan payable in full when the owner no longer occupies the property.

STAFF PRESENTATIONS

AASD SOCIAL SERVICES DIVISION REPORT-

DIRECTOR'S REPORT – Jeremy Oliver

Jeremy Oliver thanked the Commission and COA Foundation for the cards and donations. He reported the following:

FEDERAL

From Justice in Aging: Congress continued negotiations over their FY 2025 budget resolutions. While the House was in recess, numerous Republican lawmakers weighed in both in favor of

and against moving forward with the resolution approved by the House Budget Committee from the previous week.

The resolution would require the House Energy & Commerce Committee to cut a minimum of \$880 billion in spending, which can only be accomplished by cutting Medicaid (Medi-Cal for CA). Several Republican Representatives have expressed concern that they do not want to cut Medicaid or the Supplemental Nutrition Assistance Program (SNAP).

Meanwhile, the Senate passed their own FY 2025 budget resolution early Friday morning, which calls for smaller spending cuts than the House's. However, an amendment was added that would open the door to Medicaid work requirements and increase the Medicare eligibility age. The House is planning to vote on their resolution this week. Both the Senate and the House must approve the same resolution before voting on any legislation to enact spending cuts." The Department is reviewing the various bills that have been drafted and submitted to watch for any impact. Senate Bill (SB) 239 was introduced and it impacts the Brown Act related to teleconference meetings and SB 309 related to IHSS provider wages are just a couple of examples of bills being watched as they will have impacts on the department and or this commission if passed. More to come as the various bills make their way through the legislative process.

STATE

The Department is reviewing the various bills that have been drafted and submitted to watch for any impact. Senate Bill (SB) 239 was introduced and it impacts the Brown Act related to teleconference meetings and SB 309 related to IHSS provider wages are just a couple of examples of bills being watched as they will have impacts on the Department and or this commission if passed. More to come as the various bills make their way through the legislative process.

DEPARTMENT

We have completed our mid-year review of the Department and currently are facing a \$2.4 million dollar shortfall in our expenses versus revenues. As a result, we will not be filling vacancies in areas that are short in revenues and have stopped adding new clients to the Meals on Wheels program and expect waitlists to rise as we try to compensate for over projections in the food area of our budget. We are working closely with the County Administrative Office to ensure services continue to as many clients as possible. Additionally, the county staff are out of contract and there is an anticipated strike to occur on March 5th. This can lead to service delivery impacts on all clients throughout the county.

Adult Protective Services is planning for the Annual Elder Abuse Conference. Typically, we try to hold our event in the month of June, the week closest to the 15th. We may have Paul Greenwood as a speaker for this year's event and we are currently searching for venues.

The In-Home Supportive Services (IHSS) program continues to maintain requirements per state mandates though overall seeing a decline in ability to keep up with the increases in referrals.

The Long-Term Care Ombudsman program is collaborating with the Center for Oral Health to connect them with nursing homes in Kern County to participate in a survey assessing the oral health of residents. This assessment includes a visual, non-invasive dental and oral cancer screening conducted by a dental professional, which takes approximately two minutes per resident. Each resident who participates will receive free oral hygiene supplies, including a toothbrush, denture brush, and toothpaste, along with a letter detailing the results of the screening for the resident or their guardian.

OPERATING COMMITTEE REPORTS:

BYLAWS COMMITTEE – S. Bodnar; K. Grasty

Commissioner Decker reported that she and Parliamentarian Grasty worked on revising the Bylaws, not only to add or change where we have seniors and disabled adults, but also to make a few other changes and reduce the number of pages from 23 to 13 by adding some more information to the procedural manual. They don't have procedures in the Bylaws, and they hope to have a draft by the next meeting.

CALIFORNIA SENIOR LEGISLATURE (CSL) – J. Lemucchi, J. Snyder

Commissioner Lemucchi provided background information on what they do on the CSL, which is to submit ideas or proposals to our state Legislatures to have them hopefully pick up bills that will then become law. They've been successful in having some bills become laws that started out as a California Senior Legislator proposal. What they're looking at for 2025, are three bills picked up by State Legislators. One is out of state physicians and Surgeons Telehealth License Exemption, that's SB 508. As Jeremy mentioned, SB 239, which is an open meeting teleconferencing. This was a CSL proposal that was started 2023 for 2024 but was not picked up then. It was submitted again for this year and was picked up. They're also asking for a budget ask that they've been working on for many years, the personal needs allowance for those on Medi-Cal that are in skilled nursing facilities. Their personal needs allowance is only \$35/month. They've been asking to have that amount increased to \$50/month, and it's been picked up several times but not signed by the Governor. California is the third lowest state in the nation that has the smallest personal needs allowance, so this needs to be increased, and hasn't been increased since the 80's. There are two bills they're supporting, AB 1, which is Residential Property Insurance Wildfire Risk. This is wanting homes maintained for those who live in high fire risk areas, and SB 242, which is Medicare Supplemental Coverage for open enrollment period. Lastly, Senior Rally Day will be held virtually again this year on May 6th where you can hear directly from State Legislatures about what the Legislature is working on with regards to improving the lives of older adults.

J. Snyder

Chair Lynch reported the Exec. Committee met February 5, 2025. Like the Bylaws, the orientation binder is overflowing and so we've reduced it quite a bit. The Executive Committee is still working on it.

IN-HOME SUPPORTIVE SERVICES (IHSS) ADVISORY – A. Hernandez

Commissioner Hernandez reported that the IHSS Advisory Committee met last month and there's nothing new to report. The number of IHSS cases continue to increase. The Social Workers are doing a great job and continue to meet the State's requirements of enrolling members within the 30-day limit. They're at about 90% completion rate.

LONG TERM CARE – S. Dhillon; D. Duquette; A. Hernandez; N. Jackson

Commissioner Hernandez reported members of the committee visited the Valley View Post Acute and did a walk through. Commissioner Ray shared that they were really impressed as the facility was clean and had appropriate signs posted. They talked with a few of the residents, and they were happy and well cared for, and the food was good. They provide a

lot of recreational activities. This was her first time there, but the ladies let her know that it has improved dramatically since their last visit. Commissioner Hernandez added that the facility is under new administration, and the Administrator welcomed any visitors to go by if they were looking for a place for their loved ones.

MARKETING & ORIENTATION COMMITTEE – D. Duquette; G. Hodges; J. Juarez-Ceja; S. Lynch; **Y. Prado**; J. Snyder

Commissioner Prado reported there is nothing new for Marketing, but they did hold New Commissioner orientation for Commissioner Estrada.

NOMINATION COMMITTEE – K. Alvey; **G. Brown**; B. Goodlow; N. Jackson

Parliamentarian Grasty reported for Commissioner Brown. The Commission will be electing new Officers (Chair, Vice-Chair, and Parliamentarian) in June. A slate will be read at the April 2025 COA Regular meeting. Nominations for Officers can be sent via text to Commissioner Brown.

SENIOR CENTER ADVISORY – S. Bodnar; **B. Goodlow**; A. Hernandez; G. Hodges

Commissioner Goodlow reported that the committee has been divided up, assigning different senior centers to the Committee members. Shafter Senior Center said their meals are going well and they had a lot of participation, 20-30 people each day. They said they had no problems, and everything was going ok since the holidays. She attempted several times to contact Wasco Senior Center but couldn't get in contact with them, so she'll probably drive to make an in person visit. She talked with Julie at the Taft Senior Center and said that they are waiting for the Commission to have their meeting there next month. She talked with Sam, Vice-President of the Tehachapi Senior Center, and he said that things are just great there, and the congregate meals are well attended. They have exercise classes and other classes, but they do need another building. Bakersfield Senior Center will have a new building, but they are still looking for a temporary place to relocate to that has a supersized kitchen. They are not accepting applications for the senior housing rooms just yet.

SUNSHINE COMMITTEE – **D. Duquette**

Chair Lynch reported that if you have a birthday in February, you should have received a birthday card from Commissioner Duquette.

THE AREA AGENCY ON AGING COUNSEL OF CALIFORNIA (TACC) – **S. Gomez**; S. Dhillon

Commissioner Gomez reported the meeting was held on February 13, 2025, via Zoom. There were two presentations. The first was entitled, Supporting Housing Stability and Health Among Older Adults in Los Angeles, presented by staff of a nonprofit called Affordable Living for the Aging(ALA). They showcased various housing units it has in the Los Angeles area. They discussed the various funding streams they use to provide housing and health services to their clients. The second presentation was entitled "Housing Opportunity through Inclusivity - Tools to Increase Accessible, Affordable Housing". Caroline Bas, Chief Housing Officer, of The Kelsey, spoke. The Kelsey is a not-for-profit co-developer of housing units targeting low income and disabled clients. She discussed its projects which are primarily located in the Bay Area. Two members of TACC, Ted Smith, PSA 19, Los Angeles County and Dr. Maria Munguia, PSA 18 Ventura, shared their firsthand experiences with the recent Southern California fires.

While their neighborhoods were spared, they had many friends that did lose their homes. Their observations were “Be Prepared”. In the event of a fire, first protect your home, second protect your neighbors' homes, and then help your community. Their advice: always be ready to evacuate at a moment's notice.

Staff Report

CCoA Update - Staff reported that at this time there are no significant cuts to the safety net programs in the Governor's proposed budget.
