

LIBERTY DENTAL CA40-R PLUS

LIBERTY DENTAL PLAN OF CALIFORNIA – DENTAL HMO (DHMO)

Group: County of Kern CA40-R Plus

Service Area: California

Members of this plan must receive dental care from a contracted dentist participating in the Liberty DHMO network. **Dental care provided by a dentist not contracted with the Liberty DHMO network will not be covered.** Member copays are typically payable to the dental office at the time services are rendered.

How the Plan Works

Members can receive dental care from a Primary Care Dentist who is participating in the Liberty DHMO network. When specialized care is required, the Primary Care Dentist will initiate the referral process to a contracted Dental Specialist. **Specialty care not authorized by Liberty Dental will not be covered by this plan.** Liberty reserves the right to transfer members to another dental office if the dental office selected receives excessive or insufficient enrollment.

Emergency Dental Care

Emergency dental care must be provided by a network contracted Primary Care Dental office. However, for out of the area emergency dental care (more than 30 miles from a contracted Primary Care Dentist), dental care for covered services related to the **relief of pain only** will be reimbursed up to a maximum of \$75.00 minus, any applicable copays with copy of the bill showing the treatment received and the fee charged.
