For Immediate Release

Beginning April 28, 2020, EBT card recipients will be able to make food purchases online

In an effort to meet the nutritional needs of the vulnerable in our community and to comply with our Governor's stay-at-home orders, California has implemented EBT online purchasing.

Beginning April 28, 2020, individuals and families, who receive CalFresh benefits, can purchase groceries online using their EBT card at Amazon and Walmart. CalFresh provides monthly food benefits, which are accessible by using an EBT Debit Card, that help individuals and families buy healthy, nutritious food! If you receive CalWORKs, you may also be able to use your cash benefits to make purchases online at Wal-Mart. California is actively working to expand the number of stores that accept EBT online in the future.

Delivery is free for purchases with a minimum of \$35. A delivery fee will be added to the EBT transaction, for purchases less than \$35.

Even if temporary, individuals and families who have experienced a change in their circumstances and need additional help may apply for CalFresh. Visit [GetCalFresh.org](https://www.getcalfresh.org) or www.c4yourself.com to apply online or by calling the local office at (661) 631-6062.

For more information regarding CalFresh and other services, visit kcdhs.org.
