

Cardiac Genetic Testing

Scammers are offering Medicare beneficiaries cardiac genetic testing to obtain their Medicare information for fraudulent billing purposes or possibly medical identity theft.

- » Only give your Medicare number to trusted providers
- » Do not accept a genetic test kit from cold call or robo-call

A close-up photograph of a medical test form and a test tube. A hand in a blue nitrile glove holds a test tube labeled 'Cardiac Marker - Test' which contains a red liquid. The test form in the background has various checkboxes and labels. Some checkboxes are marked with orange checkmarks.
